BENDIGO LEGION ANGLING CLUB EDITORIAL

JUNE 2010

Once again Mulwala proved to be the clubs major draw card for members as nearly 50 anglers entered the Seekers Pairs event in May. Fishing proved to be tough but the glorious weather help make the Saturday session very enjoyable on the water .

The BBQ evening meal and warm fire kept everyone together to discuss the plans and thoughts on how to attack the shorter Sunday half day stint where the trophy`s can be won or lost.

Terry Jenkins was trip captain and also combined with Leigh Wakefield to take out the award and will have a full report in this edition.

Eppalock can still be good to most anglers if you persist in trying to find the schools of redfin.

Torumbarry will test your patience but can be rewarding for trollers in deep water .

The Garfield award will come down to a shoot out this month as quality nominees are lining up . Maybe we should duplicate it .

Kennington Res has anglers working the shores as this latest release of trout are sought and talk of a second release of bigger fish will provide some thrills on light gear.

Remember to take all rubbish away and make other users aware of past problems at the lake previously.

Good luck , winter is here .

Regards Symo

Please send your photos of your fish caught to JOHN TELFORD at jpvktelford@bigpond.com for the Bendigo Marine website.

PRESIDENT'S REPORT

Our recent Club trip to Mulwala for the annual Seeker's Pairs Trophy was a huge success. Terry Jenkins, in his role as trip captain, did a great job organizing the weekend event. His full report is in this edition.

The August trip to Mulwala for the President's Pairs Trophy will be a special weekend. The new accommodation venue is superb. ***To be part of the action you will need to book early!*** Be sure to note the full details of this event in Terry Jenkins promotional editorial.

On Saturday 29th May I went to Eildon with fellow club members, Nick Atyeo and Glenn Twitt for the launch of the Upper Goulburn Premier River. The Goulburn River between Alexandra and Eildon now has upgraded access and facilities at 12 locations. These locations enable anglers to access areas not previously user friendly.

Brochures giving full details will be available at our June Information Night.

GARFIELD AWARD

THIS MONTHS LUCKY WINNER IS

ANTHONY GRIFFITHS

Give a man a fish and he will eat for a day. Teach him how to fish, and he will sit in a boat and drink beer all day.

MAY TRIP REPORT

This month's club trip saw 47 members travel to Mulwala to compete in the annual seekers pair's competition. Weather conditions were perfect allowing participants to test their skills in order to lay claim to the 2010 seekers pair's trophy. It became evident from those members who fished on Friday that catching the illusive murray cod was not going to be easy with no legal sized cod boated. By Saturday evening only 5 legal cod had been boated with Geoff Wakefield landing a 645cm and 620cm cod in very trying conditions. Sunday morning seen a number of members who found the fishing extremely tough, head to Waranga to chase a feed of Redfin. Those who decided to continue were again confronted by a lack of action with only 2 legal cod boated prior to the official weigh in time of 12 noon. Fortunately for myself, my partner Lee Wakefield landed a 63cm cod which complemented the 64cm cod I landed on Saturday handing us the seekers pair's trophy by 5mm over Lee's brother Geoff. All in all Mulwala certainly tested the patience and determination of all involved. Saturday evening seen the club provide a free bbq tea and it was pleasing to committee members to see such a large gathering of members new and old enjoying the occasion. At this stage I would like to thank those committee members who helped cook the bbq and to Griffo for providing the embroidered polar fleeced vests to the winners and lures for the raffle. All in all another great trip and see you at next month's trip to Nagambie.

BLAC AUGUST TRIP

The committee has decided to introduce a number of new initiatives in an endeavour to make club trips more interesting. August 21st & 22nd will see the inaugural Presidents Trophy held at Lake Mulwala which marks the end of cod season. The competition will run along the lines of the seekers pairs. Another change will include an alternative venue for accommodation with the club staying at the Woodlands Motel. We have negotiated with the Motel owners who have offered the club a deal which will cost members \$30.00 per night with a maximum of three [3] members per room. Arrangements for booking accommodation will require members wishing to participate contacting myself no later than the July information night with payment in full. We have booked a limited number of rooms for this weekend so it will be first in best dressed. Those members not wishing to stay at Woodlands can make their own arrangements and are welcome to enter the competition. Further information will be provided in next month's newsletter. Any Queries contact myself
